New Registration System Starting April 13, 2015

The City of Litchfield Park's Recreation Department is thrilled to announce the implementation of a new and more customer friendly registration software! All registration fees will now be exactly the same online and in person or over the telephone! No more convenience fees means FREE ONLINE REGISTRATION!

Our office has already created thousands of new accounts in the new system to help ease our customer's ability to begin registering today. If your account has been active within the past year, we have probably created an account for you.

In order to log in and begin registering for activities, visit our site at:

<https://apm.activecommunities.com/litchfieldpark>

Then click on the *SIGN IN* link in the upper right corner. Click "Forget your Password" and enter your email address. If you have an account on file with us, you will be sent a temporary password. Use that password to access our site and begin registering.

If you don't have an account with us, proceed with our online steps to create your own account and then begin registering. Please remember that when creating your new account, you need to create the adult on the account first, then add the rest of your family members.

If you have any issues whatsoever, please contact our recreation center at 623-935-9040 and our staff will gladly assist you in getting your family registered in excellent recreation opportunities for everyone all summer long.
