

May 15, 2019

Dear Partners and Colleagues,

Luke Air Force Base is an important asset regionally, as well as nationally. As the base grows, the region is dedicated to supporting the mission and personnel. Your voice is critical to understanding the priorities, needs, and opportunities that will help us in that goal. You can make a difference by completing the short survey found through the link below. We also ask that you encourage others to do the same by posting this on your website and social media, and sending it through your distribution lists.

To access the survey, please visit this link: <https://tinyurl.com/LukeAFBCommunity>. The six digit code that is requested in order to begin the survey is printed between the request to enter the code and the box where the code is entered.

The results of the survey will be used to develop strategies in the areas of transportation, economic and workforce development, housing, and education. Including diverse perspectives will ensure the strategies position the base and the surrounding communities for success.

The survey will remain open until June 20, 2019. All responses will be anonymous. We appreciate any assistance you can give with promoting the survey. If you have any questions regarding the survey for the Luke Air Force Base Targeted Growth Management Plan, please contact Amy St. Peter, Maricopa Association of Governments, at astpeter@azmag.gov or by calling (602) 254-6300.

Thank you in advance for your support of this survey and plan. Together, we can leverage the growth at the base and mitigate any challenges. Our region will be stronger for this effort.

Sincerely,

Eric J. Anderson
Executive Director, MAG
